30 & 60 Capsule packs
Dietary supplement

Ailment specific

Opti CoQ10™

Opti CoQ10™ contains the compound Coenzyme Q10 (CoQ10), a naturally occurring vitamin-like substance that is found in cells throughout the body where it plays a vital role in energy production. It is particularly important for the high-energy cells of the heart, muscles, liver and immune system.

Opti CoQ10™ has powerful antioxidant properties, and helps support healthy cholesterol levels.

Opti CoQ10™ supports the maintenance of a healthy cardiovascular system while providing a general feeling of well-being.

Due to advancing age, illness or side-effects of some medications, levels of CoQ10 can decline, leading to poor health.

Opti CoQ10 is naturally fermented from yeast.

Ingredients: (per capsule)

| | |
|------------------------------|-------|
| Ubidecarenone (Coenzyme Q10) | 75mg |
| Natural fish oil | 300mg |
| Containing Omega 3: | |
