Dietary supplement

Immune system support

Viralex[®] chews

Viralex[®] chews are a great tasting chewable tablet designed to support children's immunity. It provides herbal extracts and nutrients in a delicious chewable flavoured tablet without the use of artificial sweeteners or colours.

Viralex[®] chews contain Astragalus, a gentle yet effective herb that has strengthening and restorative effects to help support healthy immune function; the essential immune nutrients Zinc and Vitamin C and a high quality Echinacea extract that is supported by multiple, positive scientific studies. This unique combination provides immune support and is suitable for children over 3 to help maintain resistance against the many immune challenges encountered daily. **Viralex[®] chews** are a tasty and convenient way to support your children's health.

Ingredients: (per tablet)
